Progress of Naval Vessels.
In the official statement of the degree of completion of vessels under construction for the U. S. Navy, July 1, the greatest progress made on any one vessel was on the armored cruiser Colorado, being constructed by the Cramps. She has advanced five per cent, in completion between June 1 and July 1. The average advance on other vessels where advance has been made, has been from two to four per cent. Commencing with the battle-ships, we find that the Maine, Missouri, Ohio, Georgia and New Jersey have advanced one per cent, and the Rhode Island and Virginia two per cent. The keel of the Nebraska not having been laid a month yet, no advance could be reported on her. Of the armored cruisers, the California has advanced one per cent, the West Virginia and the Maryland three per cent, the Pennsylvania four per cent, and the Colorado five per cent. No advance has been made on the South Dakota.

The record as to the protected cruisers shows that an advance of one per cent has been made on the Des Moines, Chattanooga, Galveston and Cleveland, two per cent advance has been made on the Denver, three on the Tacoma, and four on the Charleston. No advance was made on the St. Louis and Milwaukee.

On the monitors Arkansas and Florida an advance of one per cent has been made, and three per cent on the Wyoming. No advance was made on the Nevada, which is 93 per cent toward completion.

On the torpedo boat destroyers, the Hopkins has been advanced one per cent; the Truxtun and Worden, two; the Hull, Paul Jones and Whipple, three, and on the remaining seven no advance was made, although they are well on toward completion. Five of them are as high as 99 per cent toward completion, and the remaining two 72 and 98 per cent.

No progress was made on any of the seven torpedo boats, although like the torpedo boat destroyers, they are well on toward completion. The submarine torpedo boat Pike, which is 74 per cent toward completion, advanced two per cent during June, but no advance was made on the remaining six, which are from 74 to 99 per cent finished.
